## Thank You Seattle Garden Club!

For over a decade, the Seattle Garden Club has been an unwavering source of joy for Cancer Lifeline and those who walk through our doors. In addition to their generous support of our healing gardens, the Seattle Garden Club provides weekly floral arrangements inside the main entrance.

Each week, a member of the Seattle Garden Club delivers a handmade arrangement. Each is unique and is a source of pleasure for our clients, visitors and staff. Being greeted by these beautiful arrangements helps create a peaceful and welcoming space for all those touched by cancer.

Sometimes the “designer” has quietly slipped in and out without us even knowing it, so we don’t always get to thank them for the incredible gift they give us and our clients each week.

The Seattle Garden Club is dedicated to stimulating the knowledge and the love of gardening, to aid in the protection of the quality of the environment, to encourage and assist in civic beautification, and to aid and carry on charitable, scientific and educational activities in all of the said fields.

**We are so grateful to the Seattle Garden Club for sharing their passion and love of nature and its beauty with Cancer Lifeline and our clients. Thank you Seattle Garden Club!**
